

Finger Type Pulse Oximeter

OxiSmarter F

OxiSmarter F is a unique designed Finger Type Pulse Oximeter which can check patient's heart rate and blood-oxygen saturation levels simply and quickly. The OxiSmarter F finger type pulse oximeter (weight 50g only) provides reliable SpO2 and pulse rate measurement and can be worn around the neck. It's convenient for spot check readings. The Large LCD display allows for use in a wide range of light and dark environments. The value of SpO2 and PR can be clearly read in the different angle of LCD display. It's great SpO2 diagnostic tool for physician or nurse to go on an inspection around sickrooms of Hospital.

Features

- Large LCD display with Spo2 waveform
- Display direction is selectable
- Automatic power off after removing finger in 8 secs
- Low batter capacity indication
- Light weight less than 50 gs
- Two AAA batteries for easy replacement
- Brightness can be adjusted in 10 level
- Can be worn around the neck for convenient spot checking

Technical Specification

Patient Range

Adult, Pediatric

SpO2

Range 0% - 99%
Resolution 1%
Accuracy 70% - 100%: $\pm 2\%$
0%-69%: unspecified
Method Dual wavelength LED

Heart (Pulse) Rate

Range 30-240 bpm
Resolution 1 bpm
Accuracy ± 2 bpm or $\pm 2\%$

Display

Type LCD Display
6 display modes
Parameters SpO2, PR, Pleth bar, Pleth waveform.
Information Low Battery

Environmental

Operating Temperature 5°C - 40°C
Storage Temperature -10°C - 40°C
Operating Humidity 15%RH - 95%RH
Storage Humidity 10%RH - 95% RH

Classification

Type of protection internally powered equipment
Safety IEC 60601-1

Mechanical

Size 58 x 32 x 34 mm
Weight 50g (including 2 batteries)

Battery

Type 2 AAA size 1.5V Alkali Batteries or
2 AAA 1.5V rechargeable batteries

Operation time: minimum 30 hours for normal
Operation

Display Modes

Acare Technology Co., Ltd.

1F, No.28, Lane 3, Guangming Rd., Sansia Town, Taipei County, 237, Taiwan
